

# Texas Master Gardener Specialist First Detector Training Pest & Pathogen Surveillance Program

Sponsored by Texas A&M AgriLife Extension Service—Brazoria County  
Texas Plant Disease Diagnostic Lab & Brazoria County Master Gardener Association

## June 11th & 12th, 2018

The Master Gardener Specialist First Detector - Pest & Pathogen Surveillance Program training introduces participants to the National Plant Diagnostic Network's efforts to protect US agriculture and plants through awareness information of invasive, non-native pests and pathogens. Trainees will learn basic plant disease diagnostic skills and symptom documentation skills. This training prepares the Master Gardener Specialist to serve as a First (early) Detector.

### Topics Will Include:

- ◆ Intro to the National First Detector Program
- ◆ Plant Disease Diagnostics ◆ Pathogen: Citrus Diseases
- ◆ Pathogen: Palm Diseases ◆ Insect: Pest in Palms
- ◆ Insect: Pest in Citrus
